Yes, the one with (revised) in the subject line. The previous version showed Exhibit 2 as being on CD and it is not. The corrected version removes (CD) from Exhibit 2.

Thanks

Go ahead and print that lengthy document first. Then you may want to work from the most recent emailed documents backwards to avoid duplication and confusion.

I believe that I sent you revisions this morning to the CO Statement of Relevant Facts and the Document Index.

Thanks Daniel!

Tyrone,

Thanks. I'm going to start with the document that is 500 + pages long and go in the order sent. Once I have everything printed, I'll call to clarify I have everything printed and submitted in the binder as appropriate.

Daniel,

Oops again. The previous document index showed Exhibit 2 as being on CD, it is not. You should already have a pdf copy of the protest which I sent to you yesterday.

I've revised the Document Index and removed CD from Exhibit 2.

Thanks
